

Thanks
to all of You

Dear Ladies

You've all been just as thoughtful

As a group of folks could be

And though there aren't words

warm enough

To thank you properly...

Here's hoping when you read this

You will understand somehow

The many truly grateful thoughts

That go to you right now

Thank you ladies for
the lovely cards, your
generous gifts.

Looking forward to be back
with you all very soon.

I know it's too quite down
that kitchen. I'll have
to come down and
make a little racket
very soon.

The Best of
Health and
Wishes to one
and all.
